Background:

Reasons for joining: Saw strange lights in the ocean while on patrol in the Pacific. Also saw a giant squid surface and it was over 40 yards long—also in the Pacific. While in Navy his sister, Abby, disappeared hiking in the Cascade range with friends. Sam took leave to hunt for her. Was friends with Berger and they met in Indonesia but parted ways. Berger heard about Abby and sent in a team. Never found Abby, but brought Sam into PT and he's been there since. Sam still keeps track of things going on in the Cascades.

Likes camping and fishing with Ceci.
